Bio: Steve joined American Hydrotech, Inc. in 2003 as Garden Roof Product Manager after a 20-year career as a soil scientist and environmental consultant concentrating on issues of sustainable development. Steve's experience with sustainable development issues has given him an awareness of the benefits and challenges of the emerging green roof industry in the U.S. and led to his assuming his current position with American Hydrotech where he has participated in the development of over 400 green roofs. Since joining the firm Steve has promoted the green roof industry with participation in the ASTM Committee on Green Roof Standards, the U.S. Green Building Council, Green Roofs for Healthy Cities, American Society of Landscape Architects, the International Green Roof Association, and the Earth Pledge Foundation. He has also supported green roof research at numerous universities.
