

TRANSFER ARTICULATION AGREEMENT

between **Front Range Community College and University of Colorado, Denver**
hereafter referred to as **Partner Institutions**

Introduction to Specify Programs and Institutions

This Agreement guarantees the transfer of students who plan to complete an *Associate of Arts Degree in Architectural Studies*, at *Front Range Community College* and a *Bachelor of Science in Architecture, Architectural Studies track*, at *University of Colorado, Denver* subject to completion of all parts of this agreement. Sending Institution students who have declared the Associate of Arts (Architectural Studies) and are ready or preparing to graduate are covered by this Agreement.

Statement of Intent

The intent of this Agreement is to facilitate the successful transfer of a student from a Sending Institution upon earning a credential to a Receiving Institution to earn a baccalaureate degree within a 2+2 timeframe. The Sending Institution will identify students who are part of this Agreement in their student information system.

Statement of the Basic Agreement

Receiving Institution agrees to accept credits for students who have completed a(n) AA of Architectural Studies degree as outlined by this agreement and according to the attached Degree Map. These documents are hereby incorporated and made a part of this Agreement. This Agreement does not apply to students transferring with a different degree or choosing a different major or program at the Receiving Institution. Completing the program in 4 years per this agreement is dependent on the student following the prescribed degree map. Any variance may result in additional time to degree at the Receiving Institution.

Changes in Curriculum or Program Requirements

- a. This Agreement constitutes the entire Agreement between the parties. This Agreement shall be reviewed every five years by the parties unless significant curriculum and/or program changes mandate an earlier review—in which case, the institution will notify the other party to this Agreement in writing that changes impacting (or potentially impacting) this Agreement have occurred. If deemed appropriate, a new agreement will be generated and signed. Significant curriculum changes must be communicated in writing no later than March 30 of any academic year to the Director of Transfer Initiatives.
- b. Each Partner Institution assumes responsibility for informing their students of curricular revisions that would impact student planning and/or degree completion. In the event graduation requirements for the bachelor's degree at Receiving Institution change within this time, students who have declared this program at the Sending Institution will have their academic plan honored for 4 years beyond the date of the change.

Admission and Matriculation

- a. Students who have completed this approved associate degree from the Front Range Community College with at least a 2.0 GPA (C average) will be automatically accepted in the same pathway at Receiving Institution. Students who are automatically accepted to Receiving Institution will have the application fee waived. Prior to admission to some programs, additional requirements, such as a background check, may be required.
- b. This Agreement reflects the academic graduation requirements for degree pathway. Students may be responsible for completing non-course work requirements in effect at the Receiving Institution at the time of their matriculation.

Agreement Details

- a. Courses contained within the attached Degree Map will fulfill the relevant course requirements in the designated major and general education courses. Any additional courses taken in the discipline not covered by this Agreement taken at the Sending Institution may not count toward the requirements of the major at the Receiving Institution.
- b. Only courses with grades of C- or higher are guaranteed to transfer. All transfer general education courses must be Colorado Department of Higher Education Guaranteed Transfer (gt) Pathways approved. Should curricular changes to this Agreement occur, students identified as part of this Agreement will not be penalized nor incur credit loss.
- c. To transfer under this Agreement to Receiving Institution, students must have graduated from the Sending Institution.
- d. The Receiving Institution shall accept all applicable credits earned within ten (10) years of transfer to the Receiving Institution. Credits earned more than ten years earlier will be evaluated on a course-by-course basis.

General Provisions

- a. In carrying out the responsibilities and obligations of this Agreement, no party shall be acting as the agent or principal of another institution regarding dealings with third parties, including students.

Signatures

The parties hereto have executed this Agreement on the day and year of the last date accompanying the signatures.

Supplemental Support and Overview

The following additional information is additive to the articulation agreement and is not required.

Program Overview

This program is designed to enable students seeking a career in Architecture and its related design disciplines to pursue an academic path that leads directly to the BS Architecture degree. The successful achievement of the BS Architecture degree permits the student to seek admission into a NAAB- accredited professional Master of Architecture graduate program (completion of which is a prerequisite for most state licensing board professional examinations).

In addition, the BS Architecture facilitates entry into other non-licensed careers in the design-related disciplines, including architectural technical staff, project management, building inspection, facilities management, marketing, estimating, appraising, development, and architectural visualization.

Joint FRCC-CU Denver Advising Event

Students entering the second semester of the AA in Architectural Studies program at FRCC shall be notified of, and required to, attend a transfer/admission event co-sponsored by FRCC and CU Denver. Students will receive important information and counsel including a review and assessment of current academic program, course selection for the balance of study at FRCC, career pathway options, and an introduction to program structure and expectations upon transfer to CU Denver.

Students interested or enrolled in this program shall follow the attached pathway. ***Students are strongly advised to meet with FRCC Advising and FRCC Program Chair upon selection of this pathway to ensure proper and cost-effective preparation and navigation through the program.***

Contact and Advising Information

To ensure a seamless transition for students between institutions, FRCC and CU DENVER shall provide joint advising sessions. At these advising sessions, students shall receive advice and instructions on application as a transfer student, financial aid options, and course selection and registration. Advising sessions shall be scheduled to conform to critical time frames for submission of information and materials.

All community college students using these transfer worksheets are highly encouraged to contact both FRCC and CU Denver advising offices.
